KODAK PROJECTORS

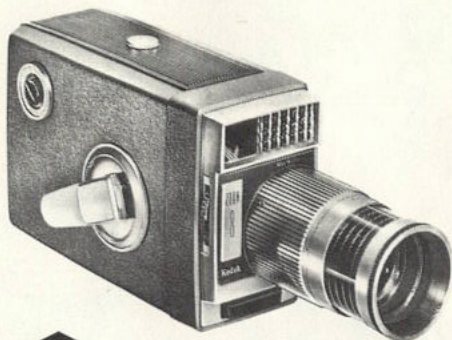

BROWNIE EIGHT-61 MOVIE PROJECTOR

Accepts up to 400 ft. reels for half-an-hour's continuous viewing. Easy to operate; a single knob controls the projecting and power-rewind operations. The Eight-61 has a built-in reflector lamp and a $\frac{3}{4}$ " 'Lumenized' Projection 'Ektanar' f/1.6 lens—a sure fire combination for clear, brilliant, big pictures. Self-contained in its own carrying case the Brownie Eight-61 projector is designed to show your colour movies at their sparkling best.

Price £26. 0. 0.
Including lamp and 200 ft. take-up reel.

KODAK ZOOM 8 AUTOMATIC CAMERA

Completely automatic exposure control, plus versatile zoom lens. A twist of the f/1.6 lens z-o-o-m-s picture and viewfinder from wide angle to telephoto—adds an exciting new dimension to your movie-making. Built-in Type A -to-daylight filter, focusing lens, fully enclosed viewfinder with parallax correction and low light indicator.

Price £55. 4. 5.
Carrying case £3. 9. 9.

KODAK ELECTRIC 8 AUTOMATIC CAMERA

Completely new all electric Kodak movie camera—needs no winding—ever! And it has a revolutionary 'drop-in' easy loading system. The Electric 8 houses a small film cassette (supplied with the camera). You simply load it with a roll of double-run 8mm Kodachrome II film and drop the cassette into the camera. After the first side is exposed you just flip the cassette over and start shooting again—in seconds! Fully automatic exposure control, built-in Type A -to-daylight filter, single frame exposure control, fully enclosed viewfinder with low-light indicator, parallax correction marks and many other valuable features. See the new Electric 8 soon, and you'll appreciate why this camera is one of today's outstanding value-for-money buys.

Price £43. 9. 0.
Including one film cassette (batteries extra). Compartment case and many useful accessories available.

ACCESSORIES

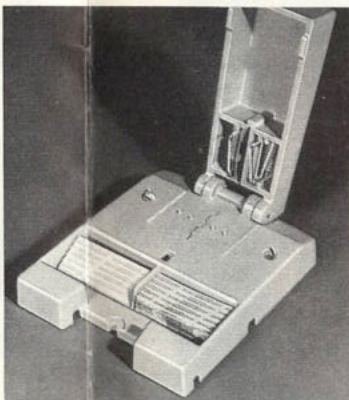

KODAK 8 MOVIE LIGHT

You can make colour movies indoors with the new Kodak 8 Movie Light. It attaches to the top of any Kodak movie camera and accepts two 500-watt reflector Photoflood lamps.
